Salaspils, 12 March 1958.

Greetings from the Fatherland !

I received your letter and photo clippings on 2 March. Our newspaper Sports published a lot of information about the swimming achievements of Janis and Ilze KONRADs. With their achievements they showed the world that the Latvians are able to gain outstanding success in sports, and also - if necessary - they will be invincible in other fields. You asked me to write to your brother. I wrote to him immediately and received an answer on 11 March. His answer was positive, and he has supposedly already written to you about it. I hope you have received his letter which will give you all the information.

I am doing quite well in school. On 22 March we shall receive our certificates for the third quarter, but the school year will end on 1 June. Our elementary school takes 7 years and the secondary school 4 years, or a total of 11 years. Two of my younger brothers attend the Salaspils 7-year school; Evgenijs, ~~the~~ who is 15 years old, will finish elementary school in the spring, but Ramamons [?], who is 12, will finish the 5th grade in spring. My father works as a tailor in a Riga Fashion Workshop, which gives out work to be done at home, so he does not have to go there every day. Mamma helps /him/ to work at home. We live about 1½ kilometers from the Salaspils church near the highway to Riga. The winter is not very cold this year. The lowest temperature so far was -25 degrees Centigrade.

Please, could you send me the address of Janis KONRADs? Perhaps he
